EDUCATION

MBBS Allama Iqbal Medical College,
Pakistan - April 1995- May 2000

Examination

USMLE 3 85 (percentile) - Dec 2002

USMLE 2 CS Passed - April 2002

USMLE 2 90 (percentile) - June 2001

USMLE 1 90 (percentile) - Dec 2000

WORK EXPERIENCE

Chief Resident, Internal medicine department, Memorial Hospital,
July 2006-June 2007

Resident, Internal medicine department, Memorial Hospital
July 2003 – June 2006

House officer, Medical unit 1, Jinnah Hospital Lahore
June 2000 – May 2001

Medical officer, Alfateh Hospital, Lahore
June 2001- March 2002

Clinical Elective, Department of Pulmonary, Baylor College of Medicine, Houston
July 1999

RESEARCH EXPERIENCE

08/2006-current
Memorial Hospital, NY
PI: Dr. -----

Working on a prospective randomized study .

"Utility of Impedance Cardiography in the management of Inpatient Heart Failure".

Study co- investigator, University of -----, Division of Cardiology, NY
Jan 05- current.

PI: Dr. -----

I have been involved in the following projects

- 1-
- 2-
- 3-

Study co -investigator, University Hospital, Division of Cardiology, NY
April 2003- to date

PI : -----

Involved in following research projects; -----
-----.

Involved in data collection, patient follow up, literature review, manuscript writing.

PUBLICATIONS/PRESENTATIONS:

Manuscripts

“The role of noninvasive imaging in the diagnosis and management of Takayasu's arteritis with coronary involvement. Inayat M, Zaradari B, Haleem KL. J Am Coll Cardiol. 2007 May 26;53(21):2014-8. PMID: 19460649

Abstracts

2004

1. "Differential Prognosis Using Stress Echocardiography: Prediction of Myocardial Infarction versus Cardiac Death". Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG. Won the Joan Barber Memorial Award at the New York Echocardiographic Society 2004 meeting.
2. "Prognostic Implications of Right Ventricular Ischemia in Patients Referred For Stress Echocardiography". Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG. Abstract presented in American Heart Association meeting in May 2004.
3. "Impact of Gender on Prognosis of Patients at Comparable Wall Motion Score Index and Ejection Fraction: A Stress Echo Study ". Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG. Won the Joan Barber Memorial Award at the New York Echocardiographic Society 2004 meeting.

2005

4. "Robotic Epicardial Left Ventricular Lead is Superior to Endovascular Implantation in Cardiac Resynchronization Therapy Responders". Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG *Journal of Cardiac Failure, Vol 112, No.7 Supp 2005 S100.*

2006

5. "Differing Left Ventricular Contraction Patterns in Patients with Right Ventricular Paced versus Native Left Bundle Branch Block: A 2D Strain Study" oral presentation at ACC 06 in March". Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG. *JACC Vol 41, issue 7, supplement 1, 810- 4-1A*

6. "Endothelial Dysfunction by Flow Mediated Brachial Artery Dilatation is a Marker of ischemic Response during Stress Echocardiography". Poster presentation at ACC 06 in March. ", Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG. *JACC Vol 41, issue 7, supplement 1, 1002-84•323A*

2007

7. "Extent of Inotropic Contractile Reserve predicts Degree of Reverse Remodeling following Cardiac Resynchronization Therapy" Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG *JACC 2007 Vol 50, issue 10, supplement 1,1009-33. A51.*

8. "Inotropic Contractile Reserve by Dobutamine Predicts Post Cardiac Resynchronization Therapy Left Ventricular Ejection Fraction and Volumes". Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG. St Luke's Roosevelt Hospital, New York, NY. *JASE Volume 27, Issue 1, May 2007, Pages 500-501.*

9. "Does Renal Function Predicts Outcomes In Carotid Artery Stenting?" Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG. *The American Journal of Cardiology. Volume 102, Issue 8, Supplement 1, Pages 1I-270I.*

10. "Acute oxalate nephropathy due to ingestion of Star fruit (*Averrhoa carambola*) in a patient with preexisting chronic kidney disease". Inayat M. Presented at Southeast Regional ACP meeting 2007.

11. "Tubulointerstitial Nephritis and Uveitis and Syndrome".

Inayat M. Presented at Southeast Regional ACP meeting 2007.

2008

1. "Effect Of Renal Artery Stenting On Hypertension, Antihypertensive Medications and Renal Function in Patients with Renovascular Disease". Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG. Poster presentation in International Symposium on Endovascular Therapy (ISET) Jan 2008

2. "Open Vs. Close Cell Stent Design In Carotid Artery Stenting". Inayat M, Tang QD, Wu PS, Hou YQ, Huang Z, Zhou ZJ, Guo ZG, Xiu JC, Wang YG. Poster presentation in International Symposium on Endovascular Therapy (ISET) Jan 2008.

MEMBERSHIP OF PROFESSIONAL SOCIETIES

American College of Physicians

American Heart Association

HONORS/AWARDS

Ended in top 10 graduates out of more than 200 students in the session.

"Intern of the Year" presented by Internal Medicine Dept 2004

"Outstanding student educator award" presented by Internal Medicine Dept 2005.

HOBBIES AND INTERESTS

Sports-I was member of the College cricket team and represented the college at the university level. Member class hockey team. Music.
